To anyone who follows or supports John Rian Eason and his music I would just like you to know he slept with a 17yr old girl last year. A police report was made and due to her lying about everything (including his age) because he still is in contact with her.....nothing can come of it until she tells the truth....which looks like that will not be happening sadly. Even with physical proof through texts from him that he did. Statutory rape is no joke. Please stand up for yourselves against older men who prey on young women because they/she doesn't know better and they use their position to take advantage of you. This is not a defamation of character, it is the truth and I'd like to stop that from happening to anyone again. Courtneys restaurant has the most shady things going on there and half the staff does drugs. They are all very aware of what happened with him and this young girl and instead of doing whats right they 'support' each other by hiding it. Please know and learn about the people/businesses you are supporting! And to those who will absolutely annihilate me on this post,....I know the truth and it's disgusting and as a woman this is the only way I know how to make his actions public.

Stand up for yourselves ladies and know you deserve better than a nasty older man taking something precious and important from you. You may not know it now, but down the road it effects you and if I can help just one person say NO to those nasty humans who call themselves men then I can deal with that.

John Eason is a manipulative predator who targets teenage girls that are just looking for somebody romantically to look up to and learn from and feel safe around. He brags about his success and rockstar lifestyle and all the places he's been to, there's a safe place to drink beer and free whiskey that he has away from their parents so they don't find out then when they get good and too drunk to know or care he climbs on top of them like a dog and they don't know if they are comfortable with it he just takes it probably due to his short guy mentality having a 2 inch penis has always caused John problems in his past sex life afterwards and the girl is still traumatized in possession. What happens he explained to them that they wanted it that's why they came over his home and it was their fault just as much as his and they wouldn't have been in the situation they were in if they didn't want it as if that would be enough for a monster to put a teenage girl through he maintains future contact with them making sure they know who they better not tell anybody what happened and telling them who they can and cannot hang out with most of them they meet of them John says he is a gospel singer online compares himself to Johnny Cash the only Johnny Cash songs I can relate to him is when the man comes around because when he does he will pay and boy named Sue because he is an absent father for all of his kids two of which are young blossoming girls I fear for their safety with a father that is sexually attracted to teens maybe that's why he detached and abandon all his children now him and his little team are running around around trying to silence the truth from coming out sorry guys this monster's a bit bigger than you

Photo Gallery

The image shows a digital photo gallery interface. At the top, there is a header with the text "Photo Gallery". Below this, there is a grid of approximately 12 small thumbnail images. A large, semi-transparent watermark with the word "FRESH" in a bold, sans-serif font is oriented diagonally from the top-left to the bottom-right, covering the central portion of the gallery. The thumbnails themselves are mostly dark and indistinct, but some appear to show faces or objects. The overall image is in grayscale and has a slightly grainy, low-resolution appearance.
